1. This memorandum is merely to confirm our discussion yesterday on internal dissemination of CS reports on narcotics matters and to formalize our request that two addressees within the Directorate of Intelligence be added to the current list of recipients of sensitive source CSDBs on narcotics matters. The two to be added at this time are: Director, Domestic Contact Service, and Director, Basic and Geographic Intelligence.

2. I have informed of the Central Reference Service of our discussion about adding Central Reference Service to the list of recipients of these sensitive source CSDBs. This matter will keep until you return from leave, but we will wish to discuss with you then how the Central Reference Service will handle these CSDBs.
